UNSTOPPABLE WOMEN

A tribute to UNSTOPPABLE WOMEN

It is women's month, and you might say, we know that and can we just move on already.

Here's the thing, we tend to move appreciation, gratitude, and admiration under the carpet and focus too hastily on our own life and needs.

It is time that we stop and smell the roses, compliment our fellow women friends, sisters, colleagues, and caregivers.

It takes us a mere minute or two, but for the person

on the receiving it might just be a life changing message. A message of care, hope, recognition, and appreciation.

Today, I want to salute every woman reading this month's newsletter. I might not know you in person, but I do know what it takes to confidently step up and be who you are, no matter where you happen to find yourself.

You have shown up to life, fighting fit, not giving up, being the best version you could be, even if it took everything you could give...

May we embrace gratitude, appreciation, recognition, and support with a new vigor and make it our mission to ease on our own insecurities and accelerate uplifting our fellow sisters, friends, colleagues, and womanhood.

Let us make our world a happy space filled with love.

Happy Woman's Month.

THE THREE OF US ROCKED THIS INTERVIEW...

The energy was electric.

I absolutely loved Ruben' and Charonike's, (from Groot FM) enthusiasm and their passionate and curiosity on Human Lie Detection.

When you do an interview like this, it is an affirmation that you are on the right track, and it is vital that you continue delivering the message to everyone who wants to improve their communication skills.

Ever so often I am asked why I would even consider chasing the lies, but truth be told, I am searching for the truth and by doing that, the lies reveal themselves.

The human subconscious mind cannot lie, and the moment we start lying our "tells" reveals the truth.

For me, it is a no brainer to have created a workshop for everyone

who would like to improve their communication skills and the way they present themselves. The fact that you would be able to identify lies would be a bonus.

I am proud to present "I can see you LIE" on the 11th and 12th of November at the Centurion Golf Estate.

Book your ticket now on I can see you LIE.

I CAN SEE YOU LIE A 2-DAY WORKSHOP

An intriguing skill, underestimated by many, applied by only a few.

How many times have you been lied to? How many times did you wish you could have seen it coming?

NOW is the time you can eliminate the lie and get to the truth. Ask the right questions, pick up on the tells and avoid making the wrong decisions.

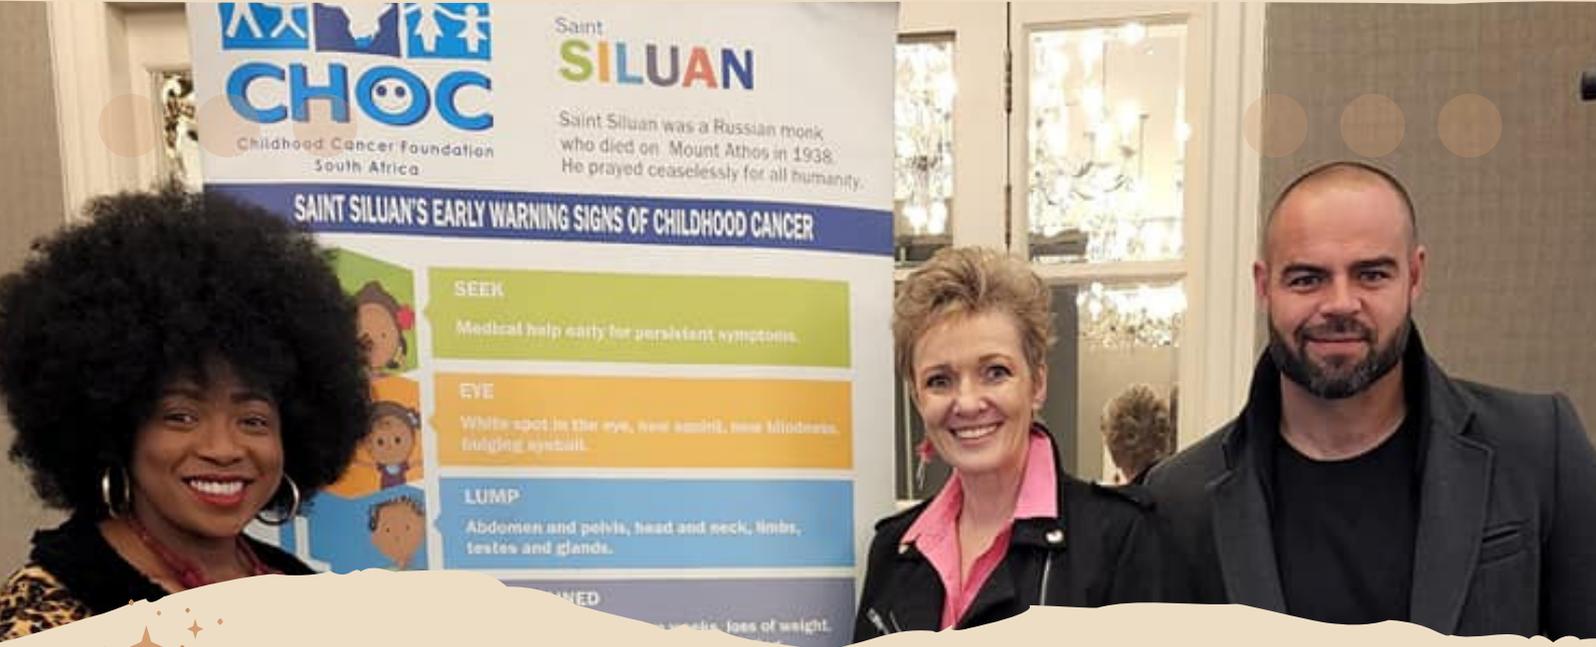

When you master the skill of truth and credibility, you will realize that your focus has shifted from searching for the lie to exploring the truth; improving your listening and observation skills and how you communicate has confidently stepped up to the next level...

LIZETTE VOLKWYN

CHOC HIGH TEA

Looking back on the past month, I can honestly say this event was my highlight; besides the fact that David Louw (MC and actor) and Stephanie Baartman (Singer and Actor) rocked the show, it was the Cancer Survivors who stole the show.

Listening to their journeys and the considerable role CHOC (Childhood Cancer Foundation South Africa) plays in their lives made all my challenges in life look small.

What a day full of emotions; we laughed together, cried together, and most of all, we had the opportunity to keep hope alive for a moment in time.

A non-profit organization that advocates for the health and well-being of children and teenagers diagnosed with cancer or life-threatening blood disorders and their families.

The passionate and dedicated staff and volunteers of CHOC aim to save lives through early detection and comprehensive support programs for the families affected by cancer.

They offer psychosocial, emotional, and practical support as we augment the different medical fraternities.

Did you know it costs CHOC R250-00 per night per child, and they depend entirely on our donations to keep it sustainable?

Please visit their website, page CHOC Childhood Cancer Foundation South Africa, and donate to a good cause.

A MASTER AT PLAY

Every year I buy time out to upgrade my professional profile and ensure that I still meet my client's expectations and needs.

Imagine my cautious optimism when I approached Willem Botha to take me under his magical wand and camera to create a world-class profile.

Not only is this Maestro a talented photographer, but he surpassed all my expectations. Down-to-earth, professional, reliable, and caring are only a few words I can commend him on.

Willem Botha and his beauty range Willem Botha Beauty have set a new bar for service excellence.

Contact Willem Botha today for a professional and supreme experience in Personal Profiling.

LET'S HAVE THE CONVERSATION

The hummingbird, my totem animal, symbolizes helping stuck individuals and teams go beyond the obvious, maneuvering and adjusting until you get the results, confidently stepping up.

Are you stuck? Have you reached a dead end?

In life, we find ourselves at crossroads, whether it is a relationship change, career deadlines, or we just feel not being heard, invisible...it is in moments like these when we could do with a little bit of guidance, motivation, and a technique or two to get us back on track.

I have had a few of those crossroads myself and wish I could have had someone who understood and guided me through to the next level of my life... picked up the pieces of broken expectations, restored my self-confidence, and showed me how to focus on that which really mattered.

After one of my rubicon moments in life, it was clear to me that I need to be there for anyone who needs to maneuver out of a situation leveling up to become the very best they can be.

Let's have that conversation and start your journey back to success and fulfillment.
